Teaches the proper form and basic bio-mechanics of baseball pitching and throwing. Throw-Rite is designed to show "fluid arm motion" and to give players instant feedback on the correct throwing motion. The two leather cover regulation baseballs are connected by a 2" nylon rope. When the arm moves properly through the arc of the delivery, the top ball travels without touching the thrower. When the player starts to "short arm" the ball, the top ball will flop over to hit the back of the hand, indicating the player is not using the proper arm arc or body form. Instant feedback! Can be used for over-hand and side-arm delivery. Great for any player at any level. Drill sheet included. 11.2 oz.

HEART-GARD® PROTECTIVE CHEST PLATE

Heart-Gard® is a tough, high-density polyethylene dome that absorbs impact energy and forces it away from the heart. It is small in size, measuring 6" x 6", yet the rigid plate covers this vital area. When worn under the uniform, it is virtually invisible and does not restrict movement. It is cool and weighs less than 3 oz. so kids forget they are wearing it. Adjustable elastic straps. One size fits all.
