### DISCLAIMER

This document is a guide to Augusta Sportswear Brands color standards. The color chips and CMYK formulas are those which most closely represent our Russell Athletic sublimation product color standards. This is to be used only as a guide, as we are unable to guarantee an exact match of what you see. There is a natural variation that occurs in the sublimation process (raw materials, processes and conditions), and screens, monitors, and printers can all render colors differently. We highly recommend ordering our sublimated swatch tee which is in stock and ready to be ordered. You can find it online by searching 6S4S2S.
